

INDUSTRIAL NOTES.

(Portland Correspondence).

Vacant lands of the state are being settled in a way that has never before been equalled. A private land company is opening up a huge tract around Lakeview, the purchasers of contracts now being on hand there in large numbers to take part in the drawing. On September 15th will start the Fall colonist movement from the East, when thousands of new settlers will reach the state to make their permanent homes here.

The vacant wheat lands of Central Oregon are being filled up at an unprecedented rate, the coming of railroads up the Deschutes being the cause of a big boom in wheat growing in that great undeveloped country. During the past week a record trip was made into the vacant lands about Bend by a party of settlers who went overland from Corvallis by auto. The trip was made from Corvallis to Bend, 150 miles, in one day and the next morning members of the party filed on 320 acre homesteads near Bend and will engage in wheat growing. A tract of land of 250,000 acres in that district has just been included in the new 320-acre homestead law and is proving very attractive to settlers.

Portland will hold its annual Rose Festival next June as usual. This was decided during the week at a meeting of the directors of the Rose Festival Association when President Hoyt and Manager Hutchins were re-elected for another year. Plans have already been taken up for the 1910 show and exceptional features are promised. Among the most prominent attractions likely to be brought here is a contest of flying machines. Correspondence has been opened with the number of noted aviators of this country and Europe with the result that prizes will be hung up that will assure this city of some exciting speed contests in the air. The automobile races, too, are expected to be better than ever and will be authorized by the Automobile Association of America. In addition to these big events, there will be a lavish showing of Oregon's floral wealth in masses of roses and other features that promise to make the 1910 Festival especially notable.

New members of the Oregon Development League were enrolled this week when the commercial bodies of Milwaukie, Bend, Halfway, Silverton and Lents joined the state organization. Live boosters in these cities have organized clubs whose sole object is to further the interests of their community and py co-operation with the other state bodies to advance the material prosperity of all Oregon.

What is said to be the highest price ever paid for an apple crop anywhere has just been closed for the Hood River and Mosier Valley yields. J. A. Steinhardt, of the fruit-buying firm of Steinhardt & Kelley, New York City, visited both districts the past week and contracted for the entire yield of the Mosier and Hood River Valleys at better than \$2.50 per box. As the total crop will run up to about 150 carloads, the contract just made will put more than \$200,000 into the pockets of apple growers in these two districts.

Postmaster-General Hitchcock will be in Portland September 22 and 23, these dates having been selected for the annual meeting of the Presidential Postmasters' Association in this state. Mr. Hitchcock will attend the sessions and while here will be entertained at luncheon by the Portland Commercial Club.

LAND-LAW REVISION

A Portland paper commenting editorially upon the proposed changes in the land laws, says: Announcement is made that Secretary Ballinger is anxious to bring about revision of the land laws on the basis of legalizing the Roosevelt policy. The common man understands that the principle chiefly involved in that policy is to secure public land to his use; that is to say, to promote home making and home owning without permitting the ubiquitous land speculator to profit by a preliminary rakeoff.

This announcement may be made on information that is reliable, and it is certainly in accord with what has been an acknowledged need for the past fifteen years or longer. But recent developments have aroused well-defined suspicions concerning the altruism of the Secretary of the Interior. As Commissioner of the Land Office, Mr. Ballinger was not notable for enthusiasm of the Roosevelt type; while his action as Secretary of the Interior, denial to the contrary notwithstanding, has opened the stable door to the thievery of power monopoly.

There is hope, of course, that President Taft will hold Mr. Ballinger to the spirit of the policy which bears the name of the last president. Professional associations of the Honorable Secretary have not been such as to put him in sympathy with a restrictive land policy for the benefit of the common people, and attitude of recent date denotes that regeneration is yet to begin. If we are to be assured of that regeneration, it is really a bit of good news.

Colic, Cholera and Diarrhoea Remedy.

Mr. Frank C. Hanrahan, a prominent druggist of Portsmouth, Va., says: "For the past six years I have sold and recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is a great remedy and one of the best patent medicines on the market. I handle some others for the same purposes that pay me a larger profit, but this remedy is so sure to effect a cure, and my customer so certain to appreciate my recommending it to him, that I give it the preference."
